

PRESS RELEASE

APRIL 2008

New Lockable 3500 kg. Universal Coupling.

Witter Towbars, the UK's largest manufacturer of towbar systems, have announced the launch of a new lockable 3500 kg Universal Coupling at the Commercial Vehicle Show.

The Z45 Lockable Universal Coupling has an integral lock built into the towing pin and has been introduced to significantly reduce the risk of trailer and plant theft. The coupling is supplied complete with a P clip which provides the secondary locking for additional operator safety. The all new product is aimed directly at the LCV fleet market and is available from the Witter nationwide network of specialist towbar fitting centres and distributors.

The Z45 Lockable Universal Coupling is fully EC Type Approved and has been certified and tested by the UK Vehicle Certification Agency.

A downloadable video of the new Coupling is available from the Witter Towbars website www.witter-towbars.co.uk

ENDS.
