

**PRESS RELEASE**

**FEBRUARY 2008**

WITTER TOWBARS' NEW CATALOGUE

Witter Towbars have released their new Spring 2008 Catalogue. The catalogue is a 120 page bumper edition and is packed with interesting features and articles.

As well as their latest price list which includes all the new towbar additions and new cycle carriers, electrical kits and accessories, the catalogue this year contains a variety of interesting articles written by renowned industry writers Françoise Dupont, Andrew Jenkinson and Doug King. These have been complemented by submission from some of the leading companies in the towing industry. The subjects covered include towing safely, towing abroad, trailers, the history of caravanning and the Caravan Club Towcar of the Year Competition.

There is a separate section on dedicated electrical kits, advising which kit fits which vehicle model and whether a dealer download is required.

The Witter Towbars' catalogue is available free of charge from any of the Witter Towbars' nationwide network of nearly 300 specialist fitting centres.
