# DOES YOUR LITTLE ONE LOVE DRAWING, COLOURING AND ALL THINGS CRAFTY?

Then we have the perfect way to spend a rainy day with the kids. All they need to do is design a caravan or campervan to be in with the chance of winning a great **LEGO® gift voucher worth £75!**

## THE CHALLENGE

Grab the crayons, felt tip pens and colouring pencils because it's time to get arty. The challenge? Draw a caravan of the future!

What do you think caravans will look like in 100 years time? Will it pop up out of a tiny box you can keep in your pocket? Perhaps it will be driven by a robot and everything will be set up when you reach your holiday park. Maybe you'll be able to take your caravan on holiday to space! Use your imagination and show us what your caravan will look like in the future.

## WHAT'S THE PRIZE?

One lucky winner will get a gift voucher for the LEGO® shop as a prize for their creativity! The first prize gift voucher is worth **£75** and there will be a pickup truck and caravan LEGO® set for our four runners up. We will also share some of the entries on our social media channels.

## THE RULES

Children can **only** use colouring pencils, crayons and felt tip pens to create their caravan design. They must be aged 4-12 years. All entries must be received by **31st October 2019**. We will then judge all of the entries and choose a winner.

## HOW TO ENTER

All you need is an A4 piece of paper, something to draw with and a camera phone. Your child should draw their caravan and write a short description of it, as well as including their first name and age on the drawing. A parent or guardian can then take a clear photo of the drawing and send it to Witter Towbars by email or via messenger on our Twitter or Facebook page. Or, you can send the drawing to us in the post and include a contact number or email address so we can get in touch if you are successful.
